

Southwest States Resource Conservation & Development Councils, Inc.

January 9, 2012

To: Southwest States RC&D Councils

Regarding: **SW States RC&D Council 2011 Membership Dues**

Dear Council Member,

A proposal was sent to each of the Southwest States RC&D state presidents regarding how RC&D funding might be restored while recognizing that our national budget process has never been tougher. Basically it would provide funding for one RC&D Coordinator for each NRCS Area within a state along with full time clerical assistance. Example: Arkansas as three NRCS areas so we would have three RC&D Coordinators and three full time clerks. Please discuss this proposal within your council and state and provide input of our recommendations and/or changes to Debbie Moreland at debbiepinreal@aol.com. Proposal is attached.

Membership dues are \$175 per year per council to be a member in good standing. Complete the bottom portion of this page to be returned with your dues. Please make the checks payable to the **Southwest States RC&D Councils**. Thank you for your continued support.

Respectfully,

Debbie Moreland, Program Manager Email: debbiepinreal@aol.com
